NOTE FOR: DDA

FROM: EA/ExDir

SUBJECT: PFIAB Support

PFIAB Member Ross Perot would like to have an Agency official examine his secure facilities at Electronic Data Systems Corporation in Dallas, Texas, to determine whether or not he could store classified Agency material there. John McMahon would like you to have Security take a look at his facility and advise him of your findings. Depending on your recommendations, John may agree to let Mr. Perot retain some materials on a case-by-case basis.

Thanks,.
